| 2. Hazards Identification | | | |
| The product contains no substan | ces which, in the form uti | y Overview lized and at their given concentra s to health. | ations, are considered to be |
| Color Black | Appearance Powder | Physical state Solid | Odor Faint |
| Potential Health Effects Principle Routes of Exposure Acute toxicity | Inhalation | | |
| Eyes Skin Inhalation Ingestion Chronic effects | No known effect No known effect No known effect No known effect | | |

| SDS # : A-1033 | Toner -Black Page 2/8 |
|-------------------------------|---|
| Chronic toxicity | No known effects under normal use conditions. Repeated or prolonged inhalation may cause irritation of the respiratory tract as can occur with the inhalation of any non- toxic dust. Minimum respiratory or eye irritation may occur as with exposure to large amounts of any non-toxic dust |
| Main symptoms | Overexposure may cause: mild respiratory irritation similar to nuisance dust |
| Aggravated Medical Conditions | None under normal use conditions |
| Environmental hazard | See Section 12 for additional Ecological Information |
| Risk Phrases | None required |

3. Composition/Information on Ingredients

| Chemical Name | CAS-No | Weight % |
|-----------------|-------------|----------|
| Polyester resin | Proprietary | >80 |
| Carbon Black | 1333-86-4 | <10 |
| Additives | Proprietary | <5 |

4. First Aid Measures

| General advice | For external use only. When symptoms persist or in all cases of doubt seek medical advice. Show this material safety data sheet to the doctor in attendance. |
|----------------------------|--|
| Eye contact | Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes |
| Skin contact | Wash skin with soap and water |
| Inhalation | Move to fresh air |
| Ingestion | Rinse mouth with water and afterwards drink plenty of water or milk |
| Notes to physician | Treat symptomatically |
| Protection of first-aiders | No special protective equipment required. |
| 5. Fire-Fighting Measures | |

| Flammable properties | Not flammable. Will not readily ignite |
|--|---|
| Flash point | Not applicable |
| Suitable extinguishing media Unsuitable extinguishing media | Use water spray or fog; do not use straight streams, Foam Do not use a solid water stream as it may scatter and spread fire |
| Hazardous combustion products | Hazardous decomposition products due to incomplete combustion, Carbon oxides, Nitrogen oxides (NOx) |
| Explosion Data Sensitivity to Mechanical Impact | Not impact sensitive |

| SDS # : A-1033 | | Toner -Black | | Page 3 |

| ACGIH TLV TWA | 3 mg/m ³ (respirable dust) |

Toner -Black

OSHA PEL TWA15 mg/m³ (total dust)OSHA PEL TWA5 mg/m³ (respirable dust)Xerox Exposure Limit2.5 mg/m³ (total dust)Xerox Exposure Limit0.4 mg/m³ (respirable dust)

Other Information

The results obtained from a Xerox sponsored Chronic Toner Inhalation Study demonstrated no lung changes in rats for the lowest (1 mg/m³) exposure level (the level most relevant to potential human exposure). A very slight degree of fibrosis was noted in 25% of animals at the middle (4mg/m³) exposure level, while a slight degree of fibrosis was noted in all the animals at the highest (16 mg/m³) exposure level. These findings are attributed to "lung overloading", a generic response to excessive amounts of any dust retained in the lungs for a prolonged period. This study was conducted using a special test toner to comply with an EPA testing protocol.

Biological standards

This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies

Occupational Exposure Controls

| Engineering measures | None under normal use conditions. |
|----------------------|--|
| Industrial use | Avoid dust formation Ensure all equipment is electrically grounded before beginning transfer operations Provide appropriate exhaust ventilation at places where dust is formed |

Personal Protective Equipment

| Consumer use | These recommendations apply to the product as supplied |
|--------------------------|--|
| Respiratory protection | No special protective equipment required. |
| Eye/Face protection | No special protective equipment required. |
| Skin and body protection | No special protective equipment required. |
| Hand protection | No special protective equipment required |
| Industrial use | In case of insufficient ventilation: Wear protective eyewear (goggles) Effective dust mask |

| Product information | | | |
| Sensitization | No sensitiz | No sensitization responses were observed | |
| Mutagenic effects | Not mutag | Not mutagenic in AMES Test | |
| Target organ effects | None know | vn | |
| Other adverse effects | None know | vn | |
| Aspiration Hazard | Not applica | able | |

Other information

The IARC (International Agency for Research on Cancer) has listed carbon black as "possibly carcinogenic to humans". The classification is based on studies evaluating pure, "free" carbon black. In contrast, toner is a formulation composed of specially prepared polymer and a small amount of carbon black (or other pigment). In the process of making toner, the small amount of carbon black becomes encapsulated within a matrix. Xerox has performed extensive testing of toner, including a chronic bioassay (test for potential carcinogenicity). Exposure to toner did not produce evidence of cancer in exposed animals. The results were submitted to regulatory agencies and published extensively

| 12. Ecological Information | |
|----------------------------|--|
| 12 Zeelegiea menation | |

Ecotoxicity

The environmental impact of this product has not been fully investigated. However, this preparation is not expected to present significant adverse environmental effects.

| 13. Disposal Consideration | IS |
|----------------------------|--|
| Waste Disposal Methods | This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements |
| Contaminated packaging | Dispose of in accordance with local regulations. |
| 14. Transport Information | |

Note

This material is not subject to regulation as a hazardous material for shipping.

15. REGULATORY INFORMATION

Toner -Black

Page 7/8

| International Inventories | |
|---------------------------|----------|
| TSCA | Complies |
| DSL/NDSL | Complies |

U.S. Federal Regulations

SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372. **SARA 311/312 Hazard Categories**

| INA 511/512 Hazaru Galegones | |
|-----------------------------------|----|
| Acute Health Hazard | No |
| Chronic Health Hazard | No |
| Fire Hazard | No |
| Sudden Release of Pressure Hazard | No |
| Reactive Hazard | No |
| | |

Clean Water Act

This product is not regulated as a pollutant pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs) (see 40 CFR 61)

This product is not regulated as a hazardous air pollutant (HAPS) under Section 112 of the Clean Air Act Amendments of 1990. CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

TSCA

TSCA 12b does not apply to this product.

U.S. State Regulations

California Proposition 65

Carbon black is regulated under California Proposition 65 only if in the form of "airborne, unbound particles of respirable size". Toner products do not contain carbon black in the form of "airborne, unbound particles of respirable size". Therefore, the requirements of Proposition 65 do not apply to this product.

| Chemical Name | CAS-No | California Prop. 65 |
|---------------|-----------|---------------------|
| Carbon Black | 1333-86-4 | Carcinogen |

U.S. State Right-to-Know Regulations

Although this product contains substances included in some U.S. State Right-to-Know regulations, the particles are bound in a unique matrix and, therefore, the product does not pose any specific hazard.

Canada

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the MSDS contains all the information required by the CPR.

WHMIS Hazard Class

Not subject to WHMIS classification
