

OFFICE DEPOT AND HP TRADE IN AND SAVE 2009 PROGRAM

Buying a new HP printer can more than pay for itself

New HP printers and Original HP printer cartridges deliver more than consistent, reliable printing. They can boost productivity, cut costs and reduce your impact on the environment. No wonder they're the standard for millions of businesses today.

Why should you trade in your old printer?

- New HP printers are often faster than older models
- A duplex printer that prints on both sides of a page can reduce paper usage by up to 50%
- Save even more by using high-capacity printer cartridges that yield more prints than standard cartridges, which results in a lower cost per page

Trade in and save

For a limited time, when you purchase a qualified HP printer and return your old desktop printer (any brand, any condition) to Office Depot or HP, you can **save \$50**. Office Depot and HP will even recycle your old printer for free.

This promotion runs September 27, 2009 through October 24, 2009, and is valid in the continental U.S. only.
